## About company **OneStart Solutions**

It is the world's first investment platform that buys and sells any in-demand startup ideas, partnering with such industry giants as:

- **kickstarter**
- **indiegogo**
- **crowdfunder**

The company has been developing since 2012, in 2019 it rebranded, and in the fall of 2020 it launched an investment platform for private start-up investors. Onestart solutions has all the required licenses from 5 major jurisdictions including Hong Kong, Australia, Canada, Ireland and New Zealand. Our team is made up of experts and painstakingly scaling up every day under the leadership of CEO Kevin Jakobson.

Your success  
**IS OUR GOAL**

**Full stock purchase of  
Startup project shares**

We will provide you with the most beneficial marketing offer with the opportunity of a combined purchase by several partners.

**Wide choice of investment  
options**

We select a suitable service plan with a view to required level of yield, available budget and terms of investment.

**Experienced team of venture  
analysts**

We daily analyze the largest venture platforms: Kickstarter, Indiegogo, Crowdfunder, Producthunt and others.

Your success  
**IS OUR GOAL**

**Investment security**

Access to your financial resources 24/7.  
All investments of partners are subject  
to additional insurance by reliable  
world-known financial institutions.

**Complete transparency**

OneStart Venture Solutions has official  
licenses of financial regulators from  
Hong Kong, New Zealand, Australia and  
Great Britain.

**Crediting opportunity**

Long-standing partners enjoy the opportunity of  
DeFi crediting with the most profitable terms to  
provide short-term investment or buyout of the  
full stock of shares of a Start-up project. Loans  
are granted in the sphere of decentralized  
lending.

## Road map

# DEVELOPMENT OF ONESTART SOLUTIONS

Check out the work done and what OneStart Venture Solutions plans to do

NOVEMBER 2003

MARCH-MAY 2012

FEBRUARY 2013 - MARCH 2020

SEPTEMBER 2020

Creation of the small Irish technology enterprise VENTURE ELECTRICAL SOLUTIONS, on the basis of which electronic devices were created, which found only a small demand in the High-tech market.

Successful implementation of the first Startup-project in the IT field (creation of a cloud data warehouse) with the subsequent resale of capacity to the tech giant - Dropbox.

Registration and development of subsidiaries VENTURE SOLUTIONS LIMITED, which are based in New Zealand, Australia, UK and Hong Kong.

Registration of OneStart Solutions holding in Canada, Vancouver. Inclusion of all 5 technology enterprises into the OneStart Solutions Startup Holding.

## Road map DEVELOPMENT OF ONESTART SOLUTIONS

Check out the work done and what OneStart Venture Solutions plans to do

OCTOBER 2020

APRIL 2021

2021

2022

Launch of the investment platform onestart.solutions for maintaining online business in the field of reselling rights to Startup ideas and finished technological products.  
Introducing aggressive marketing and leadership programs to popularize the platform.

Stabilizing the company's marketing by decreasing interest rates to lower rates: from 0.1% to 0.8% per day.

4 offline conferences;  
Opening of a new branch of OneStart in the USA and South Korea;  
Space robotics is the launch of a new direction in the company.

Participation in space exploration programs - ESA and Nasa. Continuous improvement of the onestart.solutions platform and promotion of the OneStart Venture Solutions holding to the top positions in the global technology and IT market.
